Our Communication Team brings our message to the world, helping connect us to thousands of Ancient Studies students, scholars, and enthusiasts around the world.

Our Outreach Team connects us to the best possible collaborators and grows SASA’s networks of scholars, students, teachers, and advocates.

Our Research Team concretizes the problems Ancient Studies is facing by documenting educational trends and seeks to develop evidenced-based practices to combat the decline.

Our Executive Team provides the support structure for all of our projects and programs, to keep SASA running smoothly.

**What is the SASA CORE Fund?**

SASA has been tremendously successful in securing grant funding for our outreach and education projects and programming. Although our remote, online-based organizational structure and programming keep our overhead costs relatively low, there remain significant administrative expenses. Therefore, SASA is addressing our fundraising with a two-pronged approach:

- **Grants for Our Outreach and Education Projects**
- **Donations for Our CORE Operations**

We aim to grow the CORE Fund to over $16,000 by the end of 2022. With this amount, we will be able to cover all of our expenses and carry out our mission to the highest standard. In developing our CORE Fund, we are seeking donations of all sizes to support the growth of our unique organization.

For more information about this funding model please see our [2022 Projected Budget](#).

**Contributions Can Be Made Here**
SASA Supporters enjoy a number of rewards, helping us recognize their contributions and keep everyone in the loop. Please find below the specific rewards for each donation tier.
